COVID-19 Updates
COVID-19 Information and Resources

In response to the ongoing health crisis, all public schools in the state of Louisiana are currently closed.

Please reference the Department’s COVID-19 Information and Resources webpage for regularly updated guidance. Review the K-12 Frequently Asked Questions document that is specific to the concerns of school systems for the most up-to-date information as the coronavirus impact becomes better known. Child care providers should refer to the Early Childhood Frequently Asked Questions for guidance. For education-specific questions, contact ldoecovid19support@la.gov.

Please contact the Louisiana 211 Network by dialing 211 with questions about coronavirus, or text the keyword LACOVID to 898-211 for the most current information about the outbreak as it becomes available.
Last week, the Department released a suite of resources to support school systems in providing special education in a continuous learning environment. The resources are located on the Department’s [COVID-19 web page](#) and the [Students with Disabilities web page](#).
The Department released a suite of tools to support school systems in planning for continuous learning, including:

- Louisiana Continuous Education Toolkit: Guidance and Tools
- Louisiana Continuous Education Toolkit: Academic Resources
- Louisiana Continuous Education Toolkit: Staffing

Each of these resources includes specific guidance for students with disabilities.

Additionally, the Department has developed stand-alone special education documents on Accessibility of Instructional Materials, Accommodations, and Staffing Guidance.
Continuous Learning for Students with Disabilities: Direct Services

The Continuous Learning for Students with Disabilities: Direct Services guide builds on the Continuous Education Toolkit to support school systems in adapting direct services to continuous learning.

The guide provides:

- A three-step process to identify resources, develop an approach, and implement remote direct services, and
- Concrete resources and other tools to guide the planning process.
Family Toolbox: Ways to Support Students with Disabilities During Extended School Closure

There are many ways families can support students with disabilities with continuous education during extended school closure. The Family Toolbox provides strategies and resources for families in the following areas:

- Organization,
- Accommodation and Accessibility,
- Lesson Help,
- Supplemental Learning,
- Communication, and
- Non-Internet Resources.
The Special Education Compliance During Extended School Closure resource supports special education leaders to understand key actions to take during the extended school closure and when school resumes.

Early next week, the Department will release updates to this resource with additional information on:

- Act 833,
- Part C to B, and
- Section 504.
Individual Contingency Plan for Continuous Learning

School systems should continue to provide special education and related services to students with disabilities to the extent possible, though extended school closure may affect how such services are provided.

If a school system needs to modify the special education and related services in an IEP to adapt to student needs for continuous learning, the school system should notify the parent or guardian (e.g. call or email to discuss) of the modification and obtain agreement.

- If the parent or guardian agrees to the modification without convening the IEP team, **document the modification through an IEP amendment or an individualized log**. This document should be retained by the school system as part of a student’s IEP and included in the IEP folder.
- If the parent or guardian does not agree to the modification or requests an IEP team meeting, an IEP team meeting would need to be held. As noted above, IEP team meetings can be conducted virtually or by phone.
The Department has released the individual contingency plan template. This is a new, optional tool to help school systems document the special education and related services provided to students with disabilities during the extended school closure.

- School systems may use this template to create a form that documents the temporary individualized plan to provide special education services to a student with a disability during the extended school closure as reasonably and safely as possible.
- It may be used to document services that will be provided so there is clarity for both parents/guardians and educators during the extended school closure.

This is an illustrative document and school systems should modify the template as directed by their special education professionals.
Yesterday, the US Department of Education (USDOE) released a Fact Sheet: Select Questions Related to Use of Department of Education Grant Funds During the Novel Coronavirus Disease 2019.

Paying employees funded through IDEA. USDOE states that school systems can generally continue to charge the compensation (including but not necessarily limited to salaries, wages, and fringe benefits) of its employees who are paid by a currently active grant funded by USDOE to that grant, consistent with the organization’s policies and procedures for paying compensation from all funding sources, Federal and non-Federal, under unexpected or extraordinary circumstances, such as a public health emergency like COVID-19.

See the fact sheet for additional, detailed information and additional questions and answers.
School System Planning
The Department’s High Cost Services (HCS) grant provides additional funding for high-cost special education services for students with disabilities. This grant is funded through the state’s IDEA allocation and Minimum Foundation Program (MFP) formula.

The Department would like to share the following updates:

• Round 2 allocations will be available by mid to late April. The Department will notify school systems on the eGMS login page and in the school system newsletter.
• The allocations for HCS Round 1 have been loaded in eGMS. School systems must now create a budget by creating an amendment in HCS Round 1 application.
• Amendment 1 must be created in order to budget for all students for whom an allocation was received.

Please contact ldoe.grantshelpdesk@la.gov with questions.
The Louisiana Division of Administration is phasing out its current payment system, ISIS, on June 30, 2020. After this deadline, all payments from the Department will be made through the LaGov system.

**School systems should plan to spend down all 2019-2020 Round 1 and Round 2 HCS funds before the system change on June 30.** If federal funds are not spent by June 30, school systems will have to submit an HCS transition application in order to spend the remaining funds.

Please contact [ldoe.grantshelpdesk@la.gov](mailto:ldoe.grantshelpdesk@la.gov) with questions.
In light of ongoing COVID-19 health concerns and at the direction of local and national authorities, the 2020 Teacher Leader Summit will not occur this May, as scheduled.

The Department will shift to a virtual session presentation platform for as many sessions as possible. Additional details, including the list and schedule of these sessions, will be announced soon via upcoming newsletters.

All registrants will automatically be unregistered from the event. Those who paid for a ticket will automatically receive a refund, by the end of April to the card on file. Confirmation of the cancelation will be sent to the purchaser’s email address.

The Department will cancel all hotel rooming blocks listed in the Overview Document. However, individuals should contact the hotel directly if they require proof of cancellation.

Please contact ldoeevents@la.gov with questions.

SPED Fellow is a year-long, comprehensive development program for novice special education leaders (administrators) across the state. SPED Fellow will instill the knowledge and skills the next generation of special education leaders need to lead and sustain change to improve outcomes for students with disabilities. The pilot cohort of the fellowship will run in 2020-2021.

The Department will select up to 15 novice SPED Leaders who are ready to improve their instructional leadership and increase their influence in the special education field. Interested Fellows will participate in a competitive selection process.

The application for the SPED Fellow will open on April 15. More information can be found on the SPED Fellow web page. Please contact kristijo.preston@la.gov with questions.
The Special Education Advisory Panel (SEAP) advises the Department on the provision of free and appropriate public education (FAPE) for children with disabilities and provides guidance on special education programs and services. The panel is now accepting applications for members to serve 3-year terms beginning July 1 in the following roles:

• Parent of a child with a disability
• Teacher
• Administrator of a program for children with disabilities
• Representative of a private school
• Representative of an institution of higher education that prepares special education and related services personnel
• Representative of the State juvenile or adult corrections agency

Prospective members should email applications to specialeducation@la.gov by Friday, May 8.

Updated GOLD OSEP COVID-19 Guidance

TS GOLD OSEP Administrators should follow the same process for completing intended exit assessments for any children that would have been exited as a result of a withdrawal from Early Childhood Special Education (ESCE) services or within six weeks of the child’s 6th birthday.

- Administrators are encouraged to use any data collected during the winter checkpoint and input into the OSEP license to use as a final rating for this school year.
- Even if an administrator is exiting the child now, an exit assessment should include the end of the school year date and all ratings should be finalized before completing the exit assessment.

Please contact brittany.braun@la.gov with questions.
Now Recruiting: LEAP 2025 Assessment Development Educator Review Committees

LEAP 2025 Assessment Development Educator Review Committees will convene from June through September. Selected educators will review potential assessment items.

Interest survey links and specific information about the different committees can be found at Assessment Development Educator Review Committees in the Assessment Guidance Library.

Interested educators should complete surveys by April 19 for LEAP 2025 ELA and Math Alignment Review committees. The facilitating vendor will provide/reimburse lodging, meals, mileage and stipend/substitute, as needed.

Please contact michelle.mcadams@la.gov with questions.

SER Reports

Re-Eval and IEP/Service Plan Management Reports
• Run your Re-Eval and IEP/Service Plan management reports for 2019-20 for a list of students with evaluations due for the rest of the year.
• Also run the reports for the upcoming school year to identify evaluations due in the summer or the start of the school year.
• Reports are available under the Rosters folder on the Reports tab.

Purge Report
• Run the report to identify students who will be purged due to their records being 5 years or older. These students will be marked inactive after the purge.
• The Purge Report is available under the General Reports folder.

Developmental Delay Turning 9 Report
• For any student classified as Developmental Delay and turning 9 this year, you can run the report for this school year and next school year.
• Developmental Delay students must be re-evaluated by their 9th birthday.
• This report is available under the Rosters tab.

Please contact bernetta.simms@la.gov with questions.
SER Reports

SER/SIS Exit Cross Check Report
- Count date as of June 30th in SER
- Exits reported for students 14 and older
- Compares only certain exits from SER:
  - HS diploma – (Regular Assessment, Jumpstart, Grandfathered)
  - Moved out of State/Known to be Continuing
  - Certificates of Achievement, LHSD
  - Death
- SER exit reason must be comparable to SIS exit reason
- SER/SIS Exit Cross Check Report must be blank by June 19th.

Part C Transition Compliance Report
- Run the Part C Transition report found under the Compliance folder.
- The IEP is developed and implemented by the third birthday.
- The Department will check compliance at the end of the school year.

Please contact bernetta.simms@la.gov with questions.
Measuring Results
Later this month, the Department will be releasing the **2019-2020 Early Childhood Family Survey**.

- The survey will be available online for all families who benefit from publicly-funded care and education in the state.
- Information about the family survey, link, and family reminders will be sent to all early learning centers, Head Start centers, and schools.

Each year, the results of this survey are used to publish two Family Satisfaction indicators on the Community Network Performance Profiles, which are accessible on the Louisiana School and Center Finder at [www.LouisianaSchools.com](http://www.LouisianaSchools.com).

The responses to this survey are anonymous and will never be reported at the site level in order to protect the anonymity of families. These results will be shared with early childhood lead agencies to support their efforts to increase family satisfaction with the enrollment process and with program quality.

School systems should encourage sites to administer surveys to families and communicate the importance of this survey to families in the school system.
The Department is working with ACT to reschedule the statewide spring ACT test administration for June 2, pending a lift of the stay-at-home order. This administration would be paper-based and much of the data submitted for students in PANext, including approved accommodations, will not have to be revised. More details will be provided to district test coordinators. An additional early fall administration will also be available for students who were unable to test in June.

The statewide administration includes all students in grade 11 and students in grade 12 who do not have an ACT score on file. ACT Match and No Match lists have been provided to identify grade 12 students who do or do not have ACT scores on file with the LDOE.

All students in grade 12 who have an ACT score from a prior administration can test at a cost to the school system.

Please contact assessment@la.gov with questions.
LEAP 2025 Assessment Updates

- The U.S. Department of Education approved Louisiana’s waiver request of assessment, accountability, and reporting requirements. This means Louisiana will not require standardized testing for the 2019-2020 school year.

- The LDOE is working with DRC to provide the existing summer administration for high school students who were scheduled to retest this spring.

- The LDOE is considering how to offer optional state assessments, if desired by schools and parents. More information will be shared as it becomes available.

Please contact assessment@la.gov with questions.
